About The College

The Christ College of Nursing and Health Sciences, affiliated with The Christ Hospital Health Network for over a century, is a regionally accredited, private institution of higher learning. Dedicated to delivering the highest quality healthcare education, The Christ College (TCC) graduates have the knowledge and skills they need to make a difference. TCC educates tomorrow's healthcare leaders.

History

The Christ Hospital School of Nursing, predecessor to The Christ College, was born in a tradition of caring. In 1888, a group of local citizens, led by soap maker James N. Gamble, invited Ms. Isabella Thoburn to come to Cincinnati. Their expectation was that she would start a program to train deaconesses and missionaries to carry on religious, educational, and philanthropic work to alleviate the appalling poverty that existed in the city. They could not have imagined the impact their invitation would have on our city, then and more than a century later.

Miss Thoburn arrived in late 1888 and found that the Gamble family had provided a house and funds to begin her work. The endeavor was named The Elizabeth Gamble Deaconess Home Association in honor of Mrs. James Gamble, who had dedicated her life to serving the needy of the city. On that storied day when Ms. Thoburn found a sick woman crying on the street because she had cancer and could not get medical care, the plan of the deaconesses expanded beyond running a soup kitchen and ministering in tenement homes. They opened a ten-bed hospital, named Christ's Hospital.

Between 1889 and 1901, the Association trained only deaconesses as nurses, but they soon recognized the need for enrolling other qualified young women. By 1901, young women were accepted for training as nurses whether or not they intended to become deaconesses. This paved the way for the formation of The Christ Hospital School of Nursing in 1902. Since its inception, The Christ Hospital School of Nursing

has grown both in size and sophistication to meet the changing healthcare needs within the Greater Cincinnati region and the tri-state (Ohio-Indiana-Kentucky).

The Christ College of Nursing and Health Sciences, established in 2006, offers programs designed to prepare graduates to work in a broad array of healthcare settings. Discipline-specific studies, grounded in the arts and sciences provide students with the opportunity to develop the necessary skills and competencies to transition into their chosen profession. The Christ College (TCC) continues in the pursuit of excellence in education which has been at the core of the institution's mission and history and is aptly stated in its unchanging motto - Summo Commisso Missi, On Highest Mission Sent.

Program-specific policies may require pre-requisites and/or co-requisites for progression. See [Program Handbooks](#) (link) and [Course Catalog](#) (link) for more information.

IMPORTANT: The Vice President of Academics or designee must approve any deviations from the schedule.

Attendance Expectations

Updated 7/26/2017; Edited 8/29/2022

A primary objective of The College is the demonstration of student accountability through responsible self-directed behaviors. Consistent attendance offers the most effective opportunity for students to gain command of the concepts and material. Daily attendance, prompt arrival, demonstration of a positive attitude of respect, and cooperation are expected. Classroom attendance is also expected. Individual course faculty may establish course policies that consider attendance as a factor in determining course grades. Please refer to [Program Handbooks](#) (link) and course syllabi for specific attendance policies.

Any student who does not participate in at least one academic activity by 11:59pm on the first Friday of the course will be reported as a 'no-show' to the Office of the Registrar. The student will be dropped from the course. Academic activities in a hybrid course include face-to-face class meetings, posting in a graded discussion board or blog. Emails to course faculty to ask questions are not considered academic activities for attendance purposes.

For more information about dropping a course or being dropped as a "no show", please [click here \(link\)](#) to view the full policy in Compliance Bridge.

Illness in the Classroom, Lab, and Clinical Settings

Medical Emergency Situation

For an emergency health need during scheduled classes, labs, or in a clinical facility without emergency department services, the faculty/clinical instructor or designee (i.e., preceptor) will contact the Emergency Medical System (9-1-1) to summon emergency assistance for the student.

For an emergency health need during scheduled clinical time in a clinical facility with emergency department services, the faculty/clinical instructor or designee will assist in transporting the student to the emergency department. The student is responsible for payment of emergency services and any treatment incurred.

Medical Nonemergency Situation

Students with a nonemergency health need during class, lab, or clinical time must self-identify to the faculty, clinical instructor, or designee the nature of the health need. The faculty, clinical instructor, or designee (i.e., preceptor) will determine if the student can continue with learning activities.

When the student is released from class, lab or clinical, the faculty, clinical instructor, or designee (i.e. preceptor) will assist the student in arranging transportation from the facility if needed. This may count as an absence according to the classroom and clinical attendance policies.

Cadaver and Dissection Guidelines

Added 3/17/2016; Edited 8/29/2022

The following guidelines are established for the safe dissection of animal hearts and animal tissues along with fresh and embalmed human cadavers. Proper handling, cleaning and disinfection practices are necessary to reduce risks of transmission. The dissection and examination of the tissues are for educational and training purposes

only.

A donated human cadaver represents one of the most valuable teaching tools for the study of human anatomy.

- Students are required to treat the cadavers with the respect and consideration due to a living person. The cadavers are to be referred to by their sex or tag number ONLY.
- No signs of disrespect for the cadaver will be tolerated by any of the faculty.
- Disrespectful behavior could result in dismissal from the course and/or the college.
- NO outside visitors or guests are allowed into the lab at any time under any circumstances to view the cadaver.
- Students will gain access to the cadaver only in the presence of, or through the direction of, faculty members.
- No photography of any kind is allowed. Because of this, **no photography or video equipment **—including cell phones—of any kind are allowed in the laboratory. Cell phones should be turned off and stored in a bag as students enter the laboratory. Failure to comply with this rule can create legal problems for both the student and The College and will not be tolerated. Failure to comply may result in dismissal from the course and/or The College.
- Although the cadavers have been dissected prior to the laboratory session, it is the student's responsibility to maintain the condition of the cadaver during the lab sessions. *This includes handling labels with care and using the wetting solution provided to keep the cadavers moist.*
- Students should wear gloves at all times when handling the cadavers and dispose of gloves properly. Hands are to be washed/disinfected after gloves are removed. *Other personal protective equipment, such as impervious gowns and face protection, is available for use.*

- Cadaveric material should NOT leave the lab under any circumstance. This includes both solid tissue and fluid waste. *All sharps and other contaminated disposable equipment are to be discarded in sharps containers.*
- Waste material should NEVER be placed down drains or thrown into common trash.
- If a student is pregnant or intends to become pregnant during the semester, the student must contact either the professor of the course or the Dean of Student Affairs for general education and instructional support services as soon as possible.
- Environmental Services (513-585-3031) is to be contacted to both deliver and pick-up the biohazard container for proper disposal of tissues.

Final Exams

Added 3/13/2017; Updated 10/20/2022

All final exams will be administered during the specified final exam week on the [Academic Calendar](#) (link). 7.5-week courses will administer the final examination during the last class meeting at the regular class time and in the usual classroom. The College is required to provide the calculated number of instructional contact hours as stated in the syllabus. Contact hours are determined based on the definition 1 credit hour = 750 minutes. For more information about how credit hours are defined, please [click here \(link\)](#) to view the full policy in Compliance Bridge.

If a final examination, comprehensive or not, is part of a class requirements, it must be given only during the final examination week according to the final exam schedule. Final examinations administered earlier than the appointed time, either during the prior week or during the final examination week, are not permitted.

The examination schedule does not apply to 7.5-week courses. Final examinations in these classes are to be given during the last class meeting at the regular class time

and in the usual classroom.

Examinations will be held in the regular classroom unless students are otherwise notified. When students have three or more final examinations on the same day, they are entitled to arrange an alternative examination time for the last exam or exams scheduled on that day. When students have two final exams scheduled to meet at the same time, they are entitled to arrange an alternative examination time for the later course offered that day or week. Such arrangements must be made by the tenth week of the semester. Students should make arrangements with the instructor of the affected course and are expected to provide evidence of these situations to qualify for exceptions. Rationale must be provided to the appropriate academic leadership if a final examination is not being administered.

The Office of the Registrar is responsible for scheduling all final examination dates, times, and rooms. Final exam information will be communicated to students by their course instructors.

Grade Appeal Process

Updated 6/24/16; Edited 8/29/2022

Grade Appeal provides students with an opportunity to address a final course grade in question that does not coincide with the published grading policy in the course syllabus. Grade appeals are made on final grades and not based on faculty teaching, assessment, or judgment. If a student's failing grade will result in dismissal from the program or College, the student may make a final appeal to the appropriate academic leadership.

For more information about grade appeals, please [click here \(link\)](#) to view the full process in Compliance Bridge; [click here](#) (link) to view the Dismissal Appeal Procedure.

Academic Renewal

Repeating a Course with Grade Replacement

Revised 7/26/2017; Updated 9/26/2022

Professional Licensure Disclosure and Student Location Policies

Added 8/19/2025

TCC is a member of the National Council for State Authorization Reciprocity Agreement (NC-SARA) which allows us to provide programs and coursework, including clinical and internships, to residents of states other than Ohio. The U.S. Code of Federal Regulations require disclosures by institutions regarding educational requirements for programs leading to professional licensure or certification regardless

of modality. Institutions must determine if an educational program is designed to meet educational requirements for a professional license or certification that is required for employment in an occupation. Information regarding whether completing that program would be sufficient to meet licensure requirements in a State is publicly disclosed to potential and current students.

Institutions must determine where a student is located both at the time of enrollment and after receiving information provided by the student indicating that the student's location has changed. Relocating to another state during a program may impact if the student can remain in the program, meet the state licensure requirements and/or continue to receive financial aid funding. TCC determines the location of all students in accordance with the Student Location Policy.

To review the full Professional Licensure Disclosure policy, please [click here](#) (link). To view the full Student Location Policy, [click here](#) (link).

Catastrophic Event Policy and Procedure

Added 8/19/2025

In the event TCC is unable to provide on-campus or remote instruction due to a catastrophic event, every effort will be made to support students in completing their coursework for the affected term. A catastrophic event is defined as a circumstance beyond the control of TCC that disrupts normal operations for faculty, staff, and students—such as a human-made disaster, a natural disaster, or a pandemic.

Readmission

Updated 8/24/2020; Edited 8/29/2022

Readmission into The College is not guaranteed and is handled on a case-by-case basis. All students who are granted readmission fall under the current policies and graduation requirements. This may result in loss of prior credit due to curriculum changes that have taken place during the lapse of enrollment.

Office of the Registrar

Registration

Edited 10/8/2022

Students are required to register for courses before each academic term. Prior to each registration period, course listings, specific registration dates, and registration instructions are posted in [MyTCC \(link\)](#). Students may not register for a course they are currently enrolled in for the following semester until official grades are posted.

Prior to registration, students must accept any Registration Holds on their account. Accepting Holds will enable the student to register on the day and time listed in the [Academic Calendar \(link\)](#).

Registration is available through [MyTCC \(link\)](#). Registration day and time is based on the student's classification (sophomore, freshman, non-degree, etc.) and program. After a student has registered online, a student should print a copy of their class schedule to verify that the online registration process was completed.

To view class schedule information, registration dates and instructions, forms for changing name or address, and requesting official transcripts, please log into MyTCC and navigate to Office of Registration and Records page from the Students tab.

Please note that The College reserves the right to cancel courses and course sections, even after registration has taken place, if there is low enrollment, if a qualified faculty person or clinical site is unavailable, or if other extenuating circumstances occur. Every effort will be made to place students in other sections of the same course, if possible. Students will be notified of any changes via their TCC email.

Requesting Official Transcripts

Official transcripts are released from The Christ College when authorization is received and the student's financial obligations to The College have been met (with the exception of transcripts required for employment). Official transcripts may be requested securely via the National Student Clearinghouse. Using this process also allows students to track the processing of the order and receive email and text alerts regarding the request. To access the transcript request page, students should visit the [National Student Clearinghouse](#) (link) and select The Christ College of Nursing and Health Sciences.

Transcripts may be mailed or emailed but cannot be faxed. Currently enrolled students may access and print their unofficial academic record by logging into [MyTCC](#) (link).

Non-Continuous Enrollment

Updated 1/15/2016; 5/8/2017; 8/29/2022; 8/20/2024

A student who needs to take one (1) semester off from the scheduled coursework outlined in his/her education plan will be considered on Non-Continuous

Enrollment (NCE). Non-continuously enrolled students may take no more than one (1) semester off from scheduled coursework, and return to classes will be contingent upon the space available.

Notes: A student must have had at least one grade issued at The College to be eligible for non-continuous enrollment. If a student withdraws from coursework after the drop/add date (and has therefore been assigned a grade), non-continuous enrollment will begin in the following semester of scheduled coursework. If a student needs to take an extended period off for medical or catastrophic reasons, s/he should reference the Leave of Absence Policy.

NCE Process

Any student who seeks non-continuous enrollment status must first speak with her/her Advising Coach by booking an appointment [here](#) (link). If a student is eligible for non-continuous enrollment, the Coach must complete the following:

- Send Registration Activity form from DocuSign to drop classes if student is already registered.
 - Indicate in notes that student seeks an NCE and include the reason (from approved list of reasons)
- If a student is not currently registered for classes, (1) send an email to Registrar@TheChristCollege.edu to request NCE and (2) include the reason (from list of reasons)
- Update the student's education plan
- Discuss with the student a plan to return and discuss what can be done in preparation for return:
 - [Book Tutoring Appointments](#) (link)
 - [Utilize LifeMatters](#) (link)
- Remind the student to continue to check College email account
- Update student's Anticipated Graduation Date

A non-continuously enrolled student will be contacted by his/her Advising Coach

no later than eight (8) weeks prior to the start of the semester in which s/he plans to return to classes. S/he will be connected to the Student Clinical Placement Coordinator by an Advising Coach eight (8) weeks prior to his/her return to complete any outstanding health or enrollment requirements. Any student who fails to return from non-continuous enrollment or communicate with his/her Advising Coach will be automatically withdrawn from the College on the first day of the semester in which s/he is scheduled to return, and s/he must reapply to return to the College in a future semester. Non-Continuous Enrollment extensions beyond one semester must be approved by the Dean of General Education and Student Development. Students who request an extension should be made aware of the Returning from Leave of Absence or Non-Continuous Enrollment guidance in the [Program Handbook](#) (link), where applicable.

Leave of Absence

Updated 01/11/2016, 3/19/2021

Leave of Absence (LOA) is defined as an approved absence from The College for a period not exceeding one year from the beginning of the last semester in which the student was enrolled. LOAs are granted for a medical or catastrophic reason.

Notes: For leaves not exceeding one semester, please see the Non-Continuous Enrollment Policy. Leaves of Absence associated with active duty in the US Armed Forces are addressed by the Military Leave portion of the policy.

Change of Major

Added 12/20/2016; Updated 10/9/2020; 8/29/2022; 8/20/2024

The Christ College has developed processes that enable students to move more freely among majors. However, there is limited availability and program entrance requirements that must be met in restricted majors. Please reference [Program Handbooks](#) (link) for more information.

Restricted Majors

- *Bachelor of Science in Nursing*: Students interested in transferring to nursing must have a 2.75 minimum Christ College GPA. Admission is dependent upon space available in the major at the time of the request. Meeting the minimum requirements does not guarantee admission into the major. The transfer request will be sent to the Admission Committee or designee for final determination or denial of admission.

- *Registered Nurse to Bachelor of Science in Nursing:* Current TCC students are not eligible to transfer into the RN-BSN program. The admission requirements state students must have successfully completed a pre-licensure nursing program and have obtained nursing licensure.
- *Associate of Applied Science in Sonography:*
 - High school graduates with 12 semester hours or 18 credit hours completed. If these requirements are not met, refer to the first-time college student admissions requirements on [The College's website](#) (link).
 - Minimum cumulative college GPA of 2.75 or higher
 - Completion of required prerequisite college courses with a "C" or higher"
 - DMS Information Session attendance
- *Associate of Applied Science in Radiography:*
 - High school graduates with 12 semester hours or 18 credit hours completed. If these requirements are not met, refer to the first-time college student admissions requirements on [The College's website](#) (link).
 - Minimum cumulative college GPA of 2.75 or higher

Unrestricted Majors

Updated 9/26/2022

Associate of Science in General Studies, Bachelor of Science in Health Care Administration, and Medical Assisting Certificate programs have year-round admissions.

For transfer into these programs, students must be in good academic standing (i.e. GPA must be ≥ 2.0). If a student's GPA is less than 2.0, the student may

have one semester on probation to raise his/her GPA to ≥ 2.0 .

Procedure for Change of Major

Edited 9/26/2022

1. Consult with Advising Coach: The College is committed to ensuring that all students are making informed decisions regarding their academic interests and their professional goals and objectives.
2. Complete the Change of Major DocuSign form provided by the Advising Coach. Upon submission, the form will be routed to the appropriate Associate Dean for review.
3. For unrestricted majors, the form will be processed and, if approved, the major will be changed within five business days; students will be notified within two weeks of submission of form for acceptance or denial into a restricted major.

Refund Policy for Drops and Withdrawals

Updated 2/24/2020; 8/19/2025

From time to time, circumstances may arise that prevent students from continuing their enrollment as Christ College students for the remainder of the term in which they are currently enrolled. If this occurs on the first day of the term or at any point before Final Exam week, students must initiate the withdrawal process to formally discontinue their enrollment at The College. Students seeking to withdraw from The Christ College must comply with the processes established by the Office of Registration and Records, which maintains the applicable processes, procedures, and forms for each withdrawal classification.

Failure to attend classes does not constitute a withdrawal and does not entitle students to a refund/credit. A verbal intent to withdraw from a course or The College is also considered unofficial and insufficient. It is the student's responsibility to submit the Add/Drop Form obtained from their Advising Coach. The date the document is completed by the student and received by the office of Registration and Records is the date used to calculate the amount of the refund/credit, where applicable.

For more information about the add/drop/withdrawal processes and related refund schedules, please [click here \(link\)](#) to view the full policy in Compliance Bridge.

Auditing a Class

Edited 8/29/2022; 8/19/2025

Audit students are those who desire to attend course(s) without receiving academic credit. Below are the criteria for auditing a class:

- Students may audit any theory-based or didactic course at The College. For safety and patient privacy reasons, the clinical component of all nursing courses may not be audited.
- No academic credit will be given for an audited class.
- Tuition and fees for classes audited will be the same as those taken for credit.

- Courses audited will not be counted in computing the maximum number of hours for which a student is allowed to register.
- Students are expected to follow the same attendance regulations for audited classes as for credit classes.
- Students may take the examinations but are not required to do so.
- Audited classes are recorded with an “AU”
- All students must make the decision to audit at the time of registration. Students should refer to the add/drop procedure for any change in course designation.
- The Registrar will not honor a change request for credit and/or audit after the deadline date for refund of fees has passed.
- Students will not receive financial aid or VA education benefits for a course audit.

Business Services

Financial Aid

Financial Aid Services

The Financial Aid Office at The Christ College assists students and parents with successfully navigating the financial aid process from beginning to end. Financial aid is intended to assist students who otherwise would be unable to finance their education. All financial aid in the form of federal loans and grants is administered by the Financial Aid Office under the policies established by the Federal and State governmental guidelines. Eligibility is based on the demonstrated financial need of the student and/or the student’s family and on registered credit hours.

Financial Aid Verification

Added 8/29/2022

The U.S. Department of Education mandates schools use the verification process to check the accuracy and completeness of data provided on the selected applicant’s Free Application for Federal Student Aid (FAFSA).

To learn more about the verification process, [click here \(link\)](#) to view the full policy in Compliance Bridge.

Financial Aid Office Code of Conduct

Added 8/29/2022

In accordance with the Higher Education Opportunity Act (HEOA), institutions of higher learning are to develop and comply with a code of conduct with regards to the administration of educational student loans.

To learn more, [click here \(link\)](#) to view the full policy in Compliance Bridge.

Academic (Grade) Level Classification

Edited 8/29/2022

Eligibility for federal, state, and institutional aid will be determined in part by total credit hours earned by the student. Students attending The College will be classified by grade level based upon the number of credit hours earned. Transfer credit hours that have been officially accepted by The College will be counted towards a student's earned hours when determining grade level.

For more information about credit hours earned and grade classification levels, [click here \(link\)](#) to view the full policy in Compliance Bridge.

Financial Aid Refund Policy

Updated 2/12/2020; Edited 8/29/2022

Financial aid is first applied to all outstanding balances owed to The College by the student for each semester. Financial aid funds are applied each semester after the 100% refund period of the semester. The amount of the award applied to tuition costs is determined in part by the amount of registered credit hours for each student in each semester. Student loan proceeds will not be received and disbursed by The College until the student has electronically signed their Master Promissory Note (MPN) and met all other eligibility requirements.

If financial aid funds are more than enough to cover all outstanding balances owed to The College for the semester, then a student may be eligible for a refund of student financial aid funds. Excess financial aid funds are processed by the Student Accounts office through our third-party vendor Nelnet Campus Commerce. Students will be notified by Nelnet when a refund has been processed which occurs typically during the fifth week of the semester. Refunds will either be made by direct deposit or by check depending on how the student is managing their refunds in Nelnet. For more information, please contact the Student Accounts office.

Any changes to a student's registered hours in a semester or financial aid record can delay the disbursement of funds and the processing and/or receipt of student refunds. In the event a student receives a refund of financial aid funds and subsequently becomes ineligible for the refund, the student is responsible for repaying The College for the amount they are no longer eligible to receive. Any unearned amount of institutional charges and federal financial aid must be returned to the Financial Aid program, other sources of aid, or the student as a refund, as defined by federal, state and institutional regulations.

For more information about a refund after withdrawal, please [click here \(link\)](#) to view the full policy in Compliance Bridge.

To maintain continuous enrollment, tuition and fees, along with other charges, must be paid in full or the student must be enrolled in the Tuition Payment Plan by the published tuition and fees due date on the Academic Calendar. Nelnet charges a \$30 returned payment fee if a payment is returned for any reason. Nelnet will cancel the Payment Plan if the first payment plan payment is returned for any reason.

Ways to Pay Tuition and Fees

The Christ College utilizes Nelnet for online payments processing. The following payment methods are available on the Nelnet platform:

- Automatic bank payment from a checking or savings account (ACH)
- Credit or debit card (2.85% processing fee applies to all credit/debit card payments)

Students should make checks/money orders payable to The Christ College of Nursing and Health Sciences and include the student's name and student ID number on the check or money order. - Mail - Check/money order payments may be mailed to the TCC at: The Christ College of Nursing and Health Sciences, Attention: Student Accounts. 2139 Auburn Avenue. Cincinnati, OH. 45219.

Tuition Payment Plan

Updated 4/16/2018; 10/25/2021; 8/20/2024

The Tuition Payment Plan is an option for those who want to spread their balance due over the course of the semester. The plan consists of four (4) payments per semester.

Students who choose to sign up for a payment plan must sign up and pay their first installment by the tuition due date. All payment plans are managed through the Nelnet payments platform. The payment plan has a nonrefundable enrollment fee of \$35 per semester enrolled. Once enrolled, regularly scheduled payments will process on the 5th of each month for the duration of the semester. Payment Plans are semester specific; therefore, the student must enroll for each semester in which the student wishes to participate.

Student Financial Responsibility Policy

Updated 1/11/2016; 4/16/2018; 8/19/2025

Students are responsible for payment of all costs associated with attending The Christ College by the published due date on the Academic Calendar. Application for financial assistance does not negate this responsibility. A student's financial obligation for each semester must be met to register.

The updated Student Financial Responsibility Policy outlines payment deadlines, required actions, late fees, and procedures for billing appeals. [Click here](#) (link) to find the full policy in Compliance Bridge.

Adding a Class After the Payment Deadline

Updated 1/11/2016; 4/16/2018; 10/25/2021

Students may add a class after the published tuition payment due date. Payment for the additional class will be due within five (5) business days of adding the course or by the published 'Last Day for 100% Refund' for the session the course is in. Registration is not complete until payment is made with the Student Accounts Office. If the student is already enrolled in the Tuition Payment Plan, remaining

payments will automatically be adjusted to reflect the additional charges.

A student can add course(s) after they were dropped from course(s) because payment was not received by the Tuition and Fees due date or during the Late Payment designated period. The student would contact the Office of the Registrar to re-enroll in the course(s) and contact the Student Accounts Office to make a full payment (plus late fees), or set up a Tuition Payment Plan (including the late fees). Registration is not complete until payment is made with the Student Accounts Office. The Student Accounts Office and the Office of the Registrar cannot promise the student will have the same class schedule as they had prior to being dropped for non-payment.

For all information about adding and dropping courses, please [click here \(link\)](#) to view the full policy in Compliance Bridge.

Updated 10/31/2015; 8/29/2022; 9/9/2024; 7/16/2025

Designated parking is available off-site to TCC students. (Location is subject to change based on contracted services and construction.) The TCHHN Safety and Security Department provides shuttle service between the off-site parking area(s) and The College. Two weeks prior to the start of each semester, a parking assignment and schedule of shuttle pickups and drop offs will be communicated to students who have purchased a parking pass. After hours and in the case of emergencies, students and staff can directly contact Safety and Security at 513-585-2222.

The Christ College is not responsible for the safety or protection of motor vehicles or their contents, nor does it recommend parking on public streets.

Students enrolled in eligible* evening classes and clinicals may be permitted to park in The Christ Hospital's employee parking garage (P3) if space is available. Those students who park in the Hospital garage(s) without permission will be subject to tickets issued by Safety and Security. These tickets should be paid to Student

*Eligible evening classes and clinicals will be defined and communicated to students prior to the start of each semester.

For questions or concerns about parking, students should contact the Director of Student Experience, Evangelina Figueroa at Evangelina.Figueroa@TheChristCollege.edu.

Offices of the Department of Pastoral Services are located on the first floor of the Hospital, near the lobby, and are open weekdays from 8:30 AM – 5:00 PM (subject to change). A chaplain is on call 24 hours a day, and a Hospital associate can aid you in reaching a chaplain at any time by calling (513) 585-2000.

Drug and Alcohol Prevention Policies

Updated 4/22/2020; 10/14/2022

The Christ College seeks to provide an environment in which students may experience intellectual, emotional, physical, social, and personal growth. Development

of the capacity to make informed decisions about drugs, including responsible choices about the consumption of alcohol, is a significant component of personal growth. The responsibility for making informed choices regarding drugs and the use of alcohol rests with everyone in The College.

TCC also recognizes that students may be hesitant to seek support for someone in need of emergency assistance due to fear of negative consequences related to their own behavior. As such, the Amnesty Policy is designed to encourage students to seek emergency assistance for themselves or a fellow student by eliminating the disciplinary sanctions typically applied under TCC's Drug and Alcohol Prevention Policy.

Inclement Weather

Updated 7/16/2025

TCC takes the position that while the education of all students is vital, where and when conditions warrant, the safety of students and faculty/staff is paramount. As such, the decision about whether the College should close or remain open is based on the overall concern for the College community.

Sexual Harassment

The full Sexual Harassment Policy with details about prohibited conduct, reporting, formal and informal resolutions, and appeals can be found in the Policy Portal, Compliance Bridge ([link here](#)), by searching Sexual Harassment Policy. Pregnancy and Parenting

A student who foresees any educational issues related to a pregnancy or due to parenting responsibilities is strongly encouraged to notify The College as soon as possible. By doing so, the student and College personnel can collaborate and develop an appropriate plan for the continuation of the student's education in light of the unique nature of The College's nursing and health sciences programs and their clinical requirements. Pre-planning can also help with particular challenges a student may face while pregnant, when recovering from childbirth, or due to parenting obligations (e.g., missed classes, make-up work, etc.). Please note, however, that the choice to inform The College of a pregnancy is voluntary, and a student is not required to share this information with The College.

Student Complaints and Grievances

Updated 01/19/2021; Edited 10/14/2022; Updated 10/31/2025

The Student Complaint and Grievance Policy and Procedure provides students with a single, streamlined process for submitting and resolving complaints or grievances, providing fairness, transparency, and timely resolution. While the initial process is the same for all concerns, certain types of complaints must follow specialized resolution procedures to meet federal regulations or accreditation standards. - All use of e-mail in regard to content, disclosure, and access of student educational records to communicate with students is protected by the Family Educational Rights to Privacy Act (FERPA) guidelines including all applicable Christ College policies and procedures. - Students have the responsibility to recognize and expect certain College communications may be time-critical such as security alerts, campus closures, IT security alerts, financial aid notifications, registration transactions, faculty instruction, or messaging about class status.
- Failure to check messages or receive messages due to full mailboxes, auto forwarded e-mail, error in forwarding e-mail, e-mail returned to The College with “mailbox full” or “user unknown” are not acceptable causes for missing College communications sent by e-mail.
- Students are responsible for maintaining their College e-mail account in order to receive official College communications.

Etiquette

- Treat e-mail messages as any professional communication.
- Begin by addressing the receiver by the proper title, (i.e., Professor or Doctor).
- Keep messages short and courteous.
- Write complete sentences using correct spelling, proper grammar, and punctuation.
- State the reason for writing in the subject line.
- Do not write in all CAPS—it appears that the sender is screaming and is therefore considered rude. Use only blue or black Times New Roman or Arial font.
- Remember that the message is an e-mail and not a text. Avoid the use of emoticons (smiley faces). While their use may be appropriate in informal messages, they are not commonly acceptable in professional communications.
- Read the message carefully and spell check before you hit send.
- Never include any confidential information (e.g., passwords) in an e-mail message.
