

TutorMe

Every campus could
use around-the-clock
office hours.

TutorMe partners with colleges and universities to support students with 24/7, on-demand online tutoring. In just seconds, we connect students with tutors who are highly qualified to provide one-on-one support in 300+ subjects.

Forward-thinking, innovative college and universities nationwide trust TutorMe to provide convenient 24/7 online tutoring that:

Empowers students with on-demand access to one-on-one support anytime, anywhere

Supports students as a strong standalone solution or as a supplement to your existing on-campus academic support programs

Quickly connects learners with an extensive community of verified tutors covering more than 300 subjects

“

We are extremely pleased with the high quality of student tutoring provided by TutorMe tutors and the professional services provided by their customer success team.”

– Tammy Wyatt, Ph. D., Vice Provost for Student Success,
University of Texas at San Antonio

“ I love using TutorMe! I can find tutors for any subject, explain what I need help with, or provide a problem I’m stuck trying to solve. This has helped me tremendously with my university coursework, and improved my grades.”

– Undergrad Student

Online tutoring that’s truly 1:1

The best way to support students and boost completion rates is to connect them to a highly qualified tutor who’s ready to give that student their undivided attention. Our tutors aren’t juggling multiple sessions – they’re providing personalized learning support to help students master concepts, build self-confidence, and excel academically.

A platform more human than tech

Our award-winning Lesson Space replicates all the best parts of in-person learning – including live audio and video for face-to-face collaboration. The TutorMe Lesson Space features a robust set of tools that make collaborating on even the most advanced subject matter straightforward and streamlined.

Asynchronous paper and essay review

In addition to live tutoring sessions, students will have access to academic writing experts through the TutorMe Writing Lab. Our community of writing tutors offer prompt, detailed feedback on papers in hours, helping students polish and hone their writing skills.

Top-notch tutors in every subject

Our thriving community of vetted and approved tutors including certified teachers, advanced degree holders, professionals, and other subject matter experts. Tutors must successfully demonstrate a mastery of the subjects they’re approved to tutor in and proficiency collaborating within the TutorMe platform before they begin working with students.

Whether you need help providing tutoring support in your highest-demand, general education subjects, or you’re having a hard time finding tutors in obscure subject areas, TutorMe provides tutors in every subject that are always available.

A one-stop tutoring destination

You’ll be paired with a customer success manager who collaborates with stakeholders to define success metrics for your implementation. Unlimited technical support, regular success check-ins, turnkey marketing materials, PD and trainings, and other tools to drive usage are all included as part of your TutorMe partnership.
